“ I'm so sorry to hear about the passing of your father and grandfather. He was such a wonderful doctor and such a kind man. I have great memories of bringing our family dog in for check ups as a kid, and volunteering over school breaks. I was interested in being a vet and he let me come in to observe and find out what goes on in the "day in the life a verterinarian". I guess you don't realize, until you're an adult, how lucky you were to meet people like him. My thoughts and prayers are with your family. Sincerely, Sue Coghlin

“ I was saddened to read of the passing of Dr. Graber. While I was pastor at Faith Church, Dr. Graber was seen so often planting and tending the flowers around the church, which he said he did in memory of his wife. He always chided me for calling him "Dr. Graber" instead of "Dale," which I simply could not bring myself to do out of respect for him. Dr. Graber was a true humanitarian and gentleman in every sense of the word. He left the world a better place for his having been with us.

“ Dr. Graber was our vet for many years. He had a gentleness in him that was seen and felt by the pet owners but I think the animals sensed it too. He was a good person. He has passed his gift on to his son and daughter. He will be greatly missed. I am sure he is proud of the wonderful job his children do for animals.

“ We would like to extend our condolences to Steve, Cathy & the rest of your family. I had a great deal of respect for your Dad. During my employment at the animal hospital, his professionalism, work ethic, and subtle humor helped shape my life. Once, as I assisted in a particularly messy surgery (after hours) he looked up at me over his glasses and said "It isn't all glamour Mike." He certainly was right about that, but I hope he knew what an honorable reputation he had in the community. Your father was a good man. You are in our prayers, Mike,Cindy, Elizabeth, Hannah & Rachel Tippett

“ Dale was a kind, gentle, and truly caring veterinarian. He was a respected friend to all who knew him. We went fishing many times over the years, and those are some of my most pleasant memories. We'll all miss you Dale. Godspeed on your journey.

“ Dear Becky, So sorry to hear of your dad's passing and my sympathy is with you and your family. Your dad was a truly great man and a lover of animals. My Hanna, who just passed away in January after ten years, had her ears cropped by your dad. It is very difficult to find a vet to do that procedure anymore. My dad passed away in Hospice about 2 years ago after 1 and 12 weeks of having cancer. So I knew what a lose it is to have your father gone. Hope everything is well with your family and say hi to Bob. Love and condolences, Nancy
