“ Although I never knew your mother well, I certainly had the pleasure of having met her when I ran into my grade school teacher one day when he introduced me to his lovely wife. Your father, Ron O'Brien had taught and coached me at Ste. Genevieve School on Irvine Ave. in Windsor many years previously and what a surprise encounter it was catching up. I was so surprised he even remembered me. He certainly was a remarkable man and it would give me great pleasure to share stories with his descendants. It came as no surprise that he became head of the Windsor Separate School Board. May both your mother and father rest in peace.

“ Gene and I will certainly miss our good neighbor and special friend. She was a hard worker and kept an immaculate house and yard. Over the years we celebrated many happy occasions with her family and dear friends. To Kelly and David we are sorry for your loss. John, you meant a lot to Ethel and we treasure your friendship. “ Ethel was a very dear friend and neighbor who I will sincerely miss. We had a four neighbor group (Ethel, Brenda, Marge and me) that was a constant source of fun. We formed a birthday club, celebrating each birthday by going to lunch and returning home for cake and many refreshments. We enjoyed a great trip to Chicago, along with many other adventures. I remember the time we drove to a restaurant, talking all the way and leaving the car running all through lunch, only to discover this when Ethel's daughter came in the restaurant with the keys.

Ethel maintained a beautiful garden and home - a tireless worker. My condolences to her family, and special friend John Menden.

“ Our condolences to Ethel's family. She was a very special person, We enjoyed her Body Recall classes, they were good for us but she made them, and coffee afterward, so much fun. She kept the conversation stimulating at breakfast after church. on Sunday. She was always willing to help other people and interested in travel and doing new things. She will be missed very much.
