“ Matt and Pricilla, So sorry for your lose but even sorrier for letting contact drop off. I have his mug setting near his desk waiting for time when we could be working together again. And, to go out for lunch at Schmucker's on meatloaf Thursday or Friday evening fish fry. He was so proud of you both. My prayers are with you. If he isn't in a better place there isn't a chance for the rest of us.

“ Dear Denny and Terry, Know that you and all the family are in our prayers during this difficult time. It is always hard to loose a loved one, but his being so young makes it harder. Gwen and Ed

“ Priscilla and Matt, I am so saddened by Joe's passing! He was such a sweet, gentle, kind-hearted man, and a great neighbor. He genuinely cared about my brother's and my happiness and always asked how we were doing, if we needed anything, etc. I would go over to their home every now and then to catch up, and he always smiled and gave me the biggest hug... and he would send me home with Priscilla's famous duck! :) I can't say enough how sorry I am... but I do know that he is up with God now walking the golden paths of eternal bliss and there is no other place better than Heaven. He'll forever be in my heart. I'll see you again someday, Joe! Spread those wings and FLY! Love you guys!

“ So saddened to hear of Joe's passing. He was a good friend to me years ago in the days when we worked together at Flower Hospital. Joe gave me my first job as a respiratory therapist at Flower where I still work today after 32 years. Some of us "old timers" still reminisce about the old days and Joe is still fondly remembered and deeply respected .My prayers and condolences to his family whom I remember as being loving and supportive. God Bless you, Joe and to all of his family.
