“ What a delightful and elegant woman Marge was! She was a dear friend to my parents, Cormac and Eileen. She will be fondly remembered by myself and my siblings. I know she is in heaven with George and my parents. Our prayers are with you.

“ Marge was a classmate of my mothers, Mary Beth Benore, at St. Ursula Academy. She also was a fellow parishoner at Gesu where we saw her on Sundays for many many years. She was a gracious and friendly lady. Please accept our condolences. Mary Beth Wilson Benore and her daughter, Beth

“ I volunteered @ Kingston and fed Margie at the feeding table and also did manicures for her. She was my favorite resident and I saw her every Friday and chatted with her even though it was sometimes one way. She was so very sweet and I will always remember her as such a kind and loving person. I will keep her in my prayers and I was pleased to know that she will be celebrating her life with a mass at Gesu where I went to school many years ago. She was just such a gentle soul.

“ My mother was Eileen Manton Troup. She and Marge went back to St. Ursula Academy. I well remember when the "girls" got together at my parents house. They sure had some fun. Mom passed away in June of this year. The "girls" had a great run!! Our thoughts and prayers are with you.

“ Marg was a dear friend of my parents, Helen Jane and Wendell Ott. Our whole family loved her...she was such a lady and wonder friend to our whole family. We have good memories of the SUA "girls" up at Devil's Lake and around the bridge table. I will keep each of you in my prayers as I cannot attend the mass, I am in Florida at this time.
