“ Dear Pat, I just learned over the Christmas 2010 holidays that Mike passed away. I am so very sorry for your loss. I only met Mike a couple of times at CCHS class reunions, but I thought he was a great guy and that you two were perfect for each other. You and your family have been in my prayers since I heard the news. Take care, Nancy Wabash, Indiana

“ My thoughts go out to the family of Michael Carmean. He was my algebra teacher back in the mid 80's at Whitmer for 2 years, then one year of geometry. (I did not get geometry at all; I am certain he gave me a passing grade for my efforts so that I would at least get the credit!) He was one of my favorites! I was concerned when I heard of his illness 2 years ago; I thought of him often. Please accept my condolences. Mr Carmean was a great man.

“ My condolences to Mike's family. The obituary does a good job of describing a wonderful person who made the world a better place. Mike and I both attended Holy Rosary School, St. Marys Memorial and Bowling Green State University. I used to ride my bike from St. Marys to the Carmean farm to play in the barn. I arrived at their house one day, probably during our fifth grade, just after he put his arm through a glass door and ended up with some interesting scars. Mike and his uncle LeRoy, our basketball coach, would pick me up at the corner of my street on their way to our basketball practice. My parents still live on Hillcrest Drive, around the corner from Terry's house. My wife and I were in St. Marys just last week and my dad mentioned how he had gone to visit a friend in the nursing home and he was able to push Sonny down the hall in Sonny's wheelchair so Sonny could also visit their friend. As a fellow educator I enjoyed talking to Mike at our class reunions as we discussed how our careers were going and the problems we faced in our administrative positions. Mike was a great guy. His every five-year commitment to MC the class reunion was always done with dignity and pride, especially in June of 2007 when we recognized the 15 members of our class who had passed away. I doubt that anything can remove your sorrow at this time but know that Mike made the world better, set high standards, and did the right thing regardless of the consequences. He was a man's man with a soft heart. Dr. Bill Koons 61 Potomac Drive Chagrin Falls, Ohio 44022

“ I was a student of Mr. Carmean. I know you do not need me to tell you how many students he helped and made a difference for through the years, but of all the teacher's I had he was one that took the time to help me when I struggled with algebra. I'm not so sure I would of passed had he not helped. He was genuine in his caring and his sense of humor lightened even the worse day (and for a teenager, you know how dramatic a bad day can seem :). He made a difference in my life and I know in others as well and I will always be grateful. I did get to see him again within the last few years as my daughter also graduated from Whitmer last year. He was the same upbeat, happy man I knew back in 1980! My condolences to his family. I hope that knowing his work here on earth made a positive difference in others, heal your saddened hearts and provide you with everlasting love and memories.

“ So sorry to learn of the loss of Mike Carmean, one of our area's great educators and a courageous man. The last time I saw Mike was at my dad's visitation in December. It was not easy for him to be there, but that's the kind of man he was. I have such tremendous respect for him. He will be greatly missed. My prayers to family and friends.

“ Dear Patty, Megan and Patrick, We were so saddened to hear about Mike. I can still picture him in our side yard on Malabar trying to help Joel solve something he was trying to put together. Joel didn't "ask"... Mike just "offered." I remember thinking how kind that was of Mike to do that. Between the two of them they got it figured out. A special memory I will always treasure. Our prayers are with you. Kathy, Joel and Chris Sharrit
