“ I would like to offer my condolences to Tim's family and his brother and parents. Tim was a fellow classmate and was a close friend of mine. Always there to offer advise and encouragement. Funny thing is when we 1st met, back at East Toledo Junior High School 7th grade year, we did not get along at 1st. Everything changed when he found out I was in Boy Scouts and my father was part of the area council. From then on we became friends and hung out a bit, played football together and weightlifted. He was a good worker, esp. when we were working together at Roadway Package Systems, now FedEx Ground and Freight. Though we lost contact after my move down to Georgia, as I did with many friends, classmates, and family, I never forgot him and his family's warmth and friendship throughout the decades living down here. I am truly sadden by his lost, but I know I will see him again in Heaven one day. Thank you for being a friend to me.
