“ Dear Wayne and family, I am very sorry for the loss of your mother. We had many happy memories together and they will always be with me. I am glad she did not suffer or linger long. She is now with your dad and I know that is a comfort to you. Love, Linda

“ Tommie was one of the best neighbors I have every had. She was a surrogate Grandmother to my children and a ray of sunshine to me. When I moved to Toledo I was sad and depressed by being so far from all my family. Tommie stepped up and fill a void in our lives. We spent countless hours holding up the fence between our yards. Watching Joey play and my children grow. We shared the bounties of our gardens, discussed our flowers and she always had a story of days gone by. She spoke of how her yard and house was always a hub of people. They would come to swim, play cards and talk into the wee hours of the morning. She spoke often of missing friends that passed before her. I picture her with her beloved Henny and her dad that she idolized, playing cards and remembering the good times and watching over those of us who are here and missing them. I am sorry I can not come to her funeral and let her family know how she touch my life in such a good way.

“ Please accept my sympathy on the death of your beloved mother and grandma. Your love for her could be seen in the way you took care of her even at Church. Wayne, I know she was proud of you and you were a great son. I am praying God's comfort and strength for you. Blessings to you.
