“ Words are still hard to find to this day. The loss we all endured that day is far greater than anything we'll ever be able to express. I still think about you all the time and the fun we had as kids. No doubt in my mind we would still be close to this day. I know you're still looking down on all of us with that same big smile

“ Ben was one of the best friends I could of ever had. We shared a love for bowling and iHop. He was there for me, and I was there for him for emotional support. While our friendship only lasted 3-1/2 years... I felt like I knew him forever. I am deeply sorry for his family and what they are going through, and great person was lost. I will forever miss Ben, and cannot express my thanks enough to him for always being an incredible friend.

“ To the family of Ben Ragan, I worked with Ben at Fleetpride for nearly 2yrs in the warehouse. Ben was a very good worker and a very good person. I will always remember Ben, having his radio with him listening to his music while working. He was a very good person to be around ,once in a while he would always have something funny to say, that would break you out in laughter. I will always remember Ben in that way, May God bless you and your family
