“ As we will Remember Miss Betty. We lived across the street from Betty for 13 years and never a dull moment. We enjoyed every moment. We had helped her with her yard and snow removal a few times and she was watching making sure we were doing a good job. We would not have it any other way. I will always remember when I'd be in the yard on the tractor cutting the lawn. Miss Betty would be going somewhere via car. She would see me and pull her car across the street wanting to say hi and chat a few minutes until A car would come up and want through. I always loved it when she did that. We miss you and do hope your seeing all the good things going on with your beautiful home. We miss you so very much. Love to you and your family. Roni and Brenda

“ Betty was an elegant lady with impeccable manners. She was our neighbor for 34 years. Jack took care of our lawn and assisted my mother-in-law and our girls while Philip and I were at the Cleveland Clinic. One time I asked Jack to shut off our water and he came over immediately. I was very happy about that! After Jack died, Betty wanted to keep her lawn looking as nice as Jack had done. Betty was diplomatic when she hired and fired landscape companies. If she wanted them to work for her again, they would. We had a week of unusually warm weather in February one year. There wasn't any snow around but a lot of leaves were blowing everywhere. I heard some loud noises and I looked outside. She got a landscape company to work on the leaves in her yard. I thought, GO BETTY! GO BETTY!

Rest in peace, enjoy Jack's presence, again, and I know you're smiling down at us. You know a very nice young gentleman bought your home.

We loved you and we'll NEVER forget you,

Philip and Nola Wernert

“ Betty was a classy lady and good friend to my Mom Phyllis "Potts" Poturalski from the Toledo Trust family. As a young kid, who eventually followed their footsteps into Toledo Trust, I grew up enjoying all of the fun times and friendships that brought us together. I remember Betty and Jack both fondly as there were many parties and good times shared with both my parents and their tight knit group of friends. My dad Joseph Poturalski sends his condolences to the family, from Mesa AZ. He recalled to me what a great friendship they all shared.

*May you rest in joy Betty now that you are reunited with Jack and all of your loved ones that went before you to our heavenly Father.
Well Done!*

“ Betty and my mom were friends at St Clare Commons. They met in the skilled unit and moved to the memory unit at the same time. I always loved visiting with Betty when I would go to see my mom. I will miss her smile and easy laugh. May fond memories bring you comfort.

*I wish you peace,
