“ Dear Love Family -- Condolences to you on the loss of Bonnie. She was a lady to the nth degree. She and I met in the exercise class at the YMCA and a small group of us went to lunch quite frequently. I always admired your Sunday gatherings after church with all the family -- not many families can do that. I know she will be greatly missed but you have wonderful memories to sustain you.

“ One of the sweetest memories I have with Bonnie was during one of her recent birthdays (90th or 91st). After eating cake and opening birthday gifts with her family, she could not stop expressing how blessed and grateful she was to have the wonderful life she had. She then proceeded to hug each person who was there to celebrate her birthday. She loved her children and grandchild so much, and she always wore a smile when they were around. Her kind attitude and loving character inspires me to live a life focused on the things that matter. She was a wonderful woman and will be greatly missed.
