“ Cherie always had a special way of making people smile. From the time we were kids, Cherie knew how to laugh. She will always be remembered for a little dash of humor now and then to go with her confident smiles and comforting presence. My fondest memories of my Sister Cherie will always be with me.

“ Sorry for the loss of your mother and sister. The obituary picture is exactly how I remember Cherie from our days at St. Anns grade school.
