“ I too have just learned of Dan's passing. My condolences to his family. I knowing dan since i was 8 yrs old. I learned most of my electronics form him. I was just in a few weeks ago and spoke with him. He said he was trying to beat a cold he had for a while but said other then that he was trying to stay busy. But when I was younger I would bring things to him to fix and if he was working on things and when i give him something to fix he would drop what he was doing and try to fix it. And i'm grateful for that. All i want to say is Thank you Dan for the great memories growing up and hope you have found your way. Will be missed for sure. And again sorry for your loss...God speed Dan Joseph VanDyke

“ I just learned of Dan's passing and was saddened by his death. I worked with Dan at Van's back in the late 90s. He was an interesting person who had many varied interests. We shared a love of junk food, science fiction, and 70s rock music. My condolences go out to his friends and family. He will be missed.

“ May The Lord be with your family during this time.. Dan was a great man to know. He was like family to us all. I will always remember the good times we had with him as should we all. He will be saving a place for us all, we'll be there soon to see each other again. It's comfort to know that he has found peace now in Heaven with our Lord Savior. "Come to me, all you who are weary and burdened, and I will give you rest" Matthew 11:28 NIV God Bless, Danielle

“ To the Family I would like to express my deepest sympathy to each of you. May the words of Christ Jesus be of comfort to you. He states at John 5:28,29 that all those in the memorial tombs (graves) will hear his voice and come out. Our Heavenly Father, Jehovah God also assures us at Revelation 21:3-5 that he is going to wipe away the tears of sorrow from our eyes forever and death will be no more. Again, I extend my condolences to you. May the God of all Comfort comfort each of you.

“ I worked with Dan for several years. Dan was a great guy and good friend. He taught me so much about working on electronics the years we worked together. I had a great time working with him. I think about him whenever I pass through Ida and probably should of stopped in to say HI. Its been several years since I have seen him. He will be missed. My thought and prayers are with you John
