“ Judy, I would like to say thank you for our conversations at Ebeid, you have no idea how much that meant. I admire your strength with all you have been through over the years, and still there to help someone else. You are an amazing woman, with strong faith. It was an honor helping your family on this journey. To Brian, I meant to say I admire you for being so giving in this time of transition, the cookies were a way of saying "you did good". To you both, hang onto all of those memories that God gave you, it's the best gift ever.
