“ Found the old Photo Books of our 2 California Trips and the 2 Trips to Florida back from the Mid 70's thru the Mid 80's. Look back on that time with very fond memories. Said that we needed to go on another trip later after we retired, but that never happened as God had other plans for you. I just remember all of the good times we had and for that I will always be thankful. May you now go with God!

“ I worked with Jerry for a number of years at St Vincent. He was always a good co-worker and many of us enjoyed our years together with Jerry. I wish his brother and sister in law and the rest of his family, my sympathy during this difficult time. With sympathy,
