“ My condolences to Russell, Phoebe, Leslie and family. I am honored to have met Judy. I had many conversations with her about all of you, know she was so proud of and loved each and every one of you so much. And to her high school sweet heart she was so happy to be home with you again:) You're in my thoughts and prayers. Hold tight to your wonderful memories during this most difficult time.

“ Judy Richards was my big sister when I entered The Toledo Hospital School of Nursing in September 1956. I remember when her letter of introduction arrived at my smalltown Ohio home...I thought I had hit the jackpot....she was enthusiastic as she described what to expect AND she had outstanding handwriting. When I met her I realized she was also gracious and kind and beautiful. . I cannot recall much more of our student days. I think our rotations and our dorm room locations were such that we didn't see a whole lot of one another besides the traditional big/little sister events. I do remember that she had a cool boyfriend whose family owned one of the bars that attracted student nurses.....or maybe it attracted the guys that attracted student nurses. Some years later our paths crossed briefly as she lived in the same Toledo neighborhood as one of my THSN buddies (Priscilla Crawford Bednarz). My condolences to Russ, her daughters and their families. I am sorry for your loss. She was lovely when I knew her; her obituary photo shows a lovely lady as well. May God bless you with memories and peace.
