“ As children, we can't comprehend or fully realize the meaning of a grandmother's love. How wise she is, how much patience she has, or how much guidance she gives us by her example and by her helpful caring ways. Years go by before we know and understand the depth of her concern and the love in her protectiveness. But as we mature we do finally understand and we can look back and see through older eyes and wiser hearts her unconditional love, devotion, and family loyalty. It's these and many other things that make us realize how lucky we have been and how lucky we are to have had this amazing woman - My grandmother - as the centered root of strength and love in my life. She taught me everything i know and i will remember all off the times she spent her days taking care of me, and making sure that i had everything i ever needed. It is because of her love and guidance that i am who i am today. She will be dearly missed but will stay alive forever in my heart.- Her Loving Granddaughter Tara Seibers
