“ My sincere sympathy to Mary Jane and family on the passing of Katheryn. She was my 6th Grade Teacher at Longfellow in 1963-1964 and my favorite teacher. I remember her as a very kind and caring teacher who knew how to manage a classroom. She earned the respect of her students. I remember that she would always wear a pretty pin on her dress or jacket. I have thought of her though the years. May God bless her beautiful soul.

“ Katy was my mom's 1st Cousin. Living close for many years made Katy and John's a favorite visit. In the summer of 1965, I got a job in coal supply at the nearby electric plant in Erie, MI. Katy and John offered to rent me the upstairs/attic room for the summer. That was a rough summer as my mother passed away. I remember how supportive Katy and John were to get me through that. And then, at the end of the summer, unexpectedly, they gave my all my rent money back to help pay for my 1st year of college. Too, Katy's teaching was one of the influences that helped me become a school teacher, for which I will ever be thankful. I miss you so much. Love, Tommy

“ I was saddened to hear of Mrs. Laird's death just as I was sitting down to send her a Christmas card. Mrs. Laird was an exemplary teacher who cared about her students and their families. She saved examples of my and my sisters work and sent them to our parents years later. I was fortunate enough to have her friend Miss Gerald for 5th grade and Mrs Laird for 6th. Many of my friends and I kept in touch with them both. Mrs. Laird was a great example of how to live your life with kindness and caring. I shall miss her smile and how she was proud of her students and forever invested in how we all turned out. She touched so many lives.
