“ Jodi, I am so proud to have had the privilege to take care of your mom in her last days. What an amazing woman who could find humor in the situation. My thoughts and prayers are with you in this difficult time. I hope you find peace in knowing that she loved you so much and now she is an angel flying free.

“ Kathy was the greatest person I meet. She will be greatly missed. We could talk on the phone forever catching up on our families. When our grandsons were born we would talk about what they were doing such as turning over, getting teeth, saying their first words and walking their first day of school and so on. I miss those talks she will always hold a special place in my heart. Jodi you and your family are in our thoughts and prayers. Please tell her cousin Deb the same please. I lost a great friend. And you all have lost a mother, mother in-law, grandmother and cousin. But we will all try to remember the good times we had until we meet her again.

“ Jodi, JJ, & Evan, It is times like these when I wish we lived next door instead of 2 states away. Your mom (Busia) was such an integral part of your lives and will be truly missed. But the void she leaves now will someday be filled with all the wonderful, happy memories you have of her. Cherish those memories, talk about them frequently and she will remain present in your lives forever. We love you all!
