“ Carol: I am sorry for your loss. It made me think back to how I first met your mother at the UT Health Service. Do you remember that story? Take care!

“ It was a pleasure to know and work with Mae at UT Health Services. Having graduated from the same Nursing School enhanced our bond. I have many wonderful memories of Mae, especially her qualities of grit and determination. Her regular swimming routine was inspiring and encouraged me to pursue regular exercise. Her good cheer and warmth were heartening. I'm so glad I had the opportunity to know such a kind and loving lady. My husband worked with us for a short time and he also has fond memories of her. Our deepest sympathy to all her family.
