“ It is with great sadness to learn of the passing of Marge, the family has my deepest sympathy. I was Marge's mailman for 23 years, I retired 2 yrs. ago. Marge was always very nice to me, I didn't see her outside to often but she could see me coming across the street and when I got to her side of the street and started approaching her house I could see a small crack of the door opening and Marge peeking through it. Marge always had a big smile and a kind word for me. With her little white dog standing beside her we would have a little conversation about the weather or what was going on in the neighborhood, you know a little gossiping. I delivered many cards and packages over the years from her family, I remember Hilton Head, SC packages. I would knock on the door with package in hand and say, "Marge it must be your birthday or something, your getting a lot of mail lately". She would always tell me who it was from, she always spoke highly of all her family, I could tell she loved them very much. With Sympathy Gordon Watts
