“ I remember Marianne got me a job at Toledo Hospital cafeteria it was in the cafeteria, though if it was a place where you could eat inside the hospital he had to wait the tables and she was cooking. Then I remember when George and I her brother and I got married and she really helped with the bridal shower and the wedding and the baby shower. It was all really a lot of fun back then and through the years we've been raising our families she's just always been very pleasant very quiet, but very pleasant. I will miss her. I was looking forward to seeing her soon, but it just doesn't never happen.

We had met a mini of other weddings and baby showers and bridal showers and raising her family that it was all a very nice time. Big family so that's why we were always getting together. She was really good at putting together the potluck's, and she would make most of the food herself.
