“ Dear Ciarra,
I met your Mom through working at Lucas County Children Services. We bonded over sharing stories of daughters attending St. Ursula. Your Mom's face beamed with pride as she described you. I always looked forward to hear about you, your dancing and school and your Mom & daughter activities. Your Mom was quiet, kind and always helpful with me.
Ciarra, you and your Mom are always in my prayers.

“ Dear Ciarra,
Your mother's communications with me were always an indication of how much she loved you and how much she wanted the best for you. She was always supportive of your efforts in school and was confident that you could succeed. She was your champion and that will never change.

“ Michelle, I am so glad that we became friends. I miss bouncing things off of you about our girls. I just know that you are with Ciarra and she will be lavished by your love. There are so many of us who are here for Cierra and we will continue to be. There are so many beautiful memories that she has to carry her. God bless you Michelle!

“ *As I walked by
Michele would always say hi*

*But the best was her smile
It could take you in for a mile*

*Never an unkind word
I heard*

*About this treasure
Who measures*

*She is with angels above
Her daddy and many others she loves*

*She has you always Ciarra, her adorable lil girl
The biggest part of her world*

*You came from the same place above
You traveled and went to many places together that you both loved*

*And one day you both will be flying together likes doves
AS she holds her lil cub*

*We will miss you
True!!*

“ Dear Cierra,

I worked with your mom a couple of years ago. She was so proud of you and all your accomplishments! She always had a picture, video or story she wanted to share about you, and I enjoyed being part of her love and pride in her special girl.

I am so very sorry for your loss, and you and your family are in my prayers.

“ Michele, my Elena spent so many nights at your home and I know she was cared for. You and I had several times where we laughed at their antics. Thank you for all you did and know that I only hope that Ciera knows that she is loved and supported by many. May your light continue to guide her just as my Elena guides me!
