“*Melanie, I was shocked and saddened when I read of your mom's passing. In my new job, we got to talk at least once a week. I visited her classroom often. She was fiercely protective of her kids. Our paths have crossed often since Longfellow - I remember our times together fondly. I'm so sorry for you. Paula Follis*

“*Dear Everett Family: I was so sorry to hear of Gussie's passing. She was a wonderful friend throughout my younger years. We always had a great time in elementary school with all of our friends and in our club. I will never forget going to the lake with her and her family and having such a wonderful time. She will be dearly missed and my deepest simpathy go with your family.*

“ Brad and Melonie I am deeply sorry about the loss of your mom. I would see her annually at the West Toledo garage sales and make it a point to stop on Commonwealth to see what she was up to. I most recently saw her at Kroger in December. She had told me about her past health issues and raved about Brad's visit to be with her. She was eager to have the hip surgery and get back to life. I was shocked to hear of her death. Your mother was a very special person. Every year when we ran into each other she went on and on about "the good old days' at the KOA, softball and lots of other fond memories that I rarely thought about. It was always good to see her and talk about the past. I hope you find comfort in knowing the greatness that your mother accomplished in her life, too many to write here. I will be thinking and praying for you. May God Bless You.
