“ To the family of Patti Baidel, The passing of your loved one creates a tremendous loss to Sylvania's community. You see our teenager was involved in the diversion program recently and we as parents participated in Patti's weekly classes. She provided our family with the support that we needed to get through a very diffiucult time. Patti was very knowledgable, personable, caring, and compassionate. She was able to add a sense of humor and offer encouragement to parents when they needed it the most. We are so sorry for your loss but know that your loved one has affected the lives of many others.

“ Although I was only acquainted with Patti in her early marriage years, I am very saddened for the family over what I am sure is a tremendous loss and please know Patti and family are in my prayers and thoughts during your days of sorrow and pain--she sounded like a fine woman, gifted, vivacious, caring, and talented like her mother-in-law--what an irony that she passed on the anniversary of my father's birthday! Tim, please take heart in knowing that there are happier days ahead looking forward to the birth of your granddaughter-- Wishing the family of Patti peace in the days ahead--
