“ Our family thought the world of Phyllis. She was a few years younger than our mother, Chick Ford Black but they grew up a few doors from each other and were childhood friends. Chick would recall how smart Phyllis was. Years later Phyllis worked for our father at Black Equipment. She played a vital role in the company, she was way more than an employee. I can't think of a nicer person in the world.

“ My fondest memories of Mrs. Neeley date all the way back to the 80's.... Kathy and I spent a lot of time together after graduation from high school... Mrs. Neeley would always have a smile on her face.... She wasn't always happy with our decisions, but she had a smile just the same. A smile that defines her.... so sorry for your loss.... She will always have a place in my heart...

Deepest sympathy.
