“ I knew Bob through our association with Westside Montessori, Mimi's school. No Westside child had a Dad more attentive and proud than Bob. He drove for countless field trips. He was there anytime parents were invited to the classrooms for celebrations. He'd usually just stand smiling in the background, a physical testimony to his Mimi that he was "there" for her, that he wanted the best for her, that he was terribly proud of her. Hold onto that, Mimi.

“ Bob and Marianna have been to many of our family functions. We knew we could count on them being there. We are also in the car club together and were just on a tour that he planned. On that tour we visited his alma mater Bluffton College. As with all of us we just find this hard to believe and accept. Bob, you will be missed.

“ My condolences to all of the Montrie Family on your loss. I have fond memories of living next door to Bobby (as he was known in the neighborhood) on Sherbrooke Road until he moved in 1953 and of spending countless hours playing together in all the empty lots (and the under-construction new houses) up and down the block. I remember well the stories and photographs of the Atlantic Ocean and the far-off land of New Brunswick after his family returned home from its annual visits there. I trust your memories will be as rich as mine and that you will be comforted by them.
