“ I taught with Ruth at the old Flower Hospital School of Nursing and remained friends ever since even though I moved to Florida. She was a wonderful nurse and there was nothing that she could not do. She had a passion for nursing and was an outstanding nurse, educator and leader. She was a role model to us all. I will miss her.

“ Lois & family, I am so sorry for your loss. I'll always remember how strict and stern yet loving your Mom was when we got into mischief as kids, saving Centre Supermarket receipts for her, and how you told me she ironed your bed sheets on your bed in the winter! LOL! She was that cool Mom!!! Your family is in my prayers!
