Sally's biggest passion was being around kids. She worked at Trilby Day Care spending her days with preschoolers until she retired. Sally's favorite pastime was spending quality time with her family, especially with her grandchildren and being a significant component of their lives. She always told her family "I love you." Additionally, she enjoyed vacationing with her sons traveling to various places and watching her grandchildren's events, including sports and dance performances. Sally lived each day to the fullest as she battled kidney disease most of her life. Her positive Godly spirit in Jesus will be a footprint on her family for years to come. Her smile and laughter will be greatly missed by all that spent time with her.

In addition to her parents, she is preceded in death by her husband of 50

“ I was sally's therapist. assistant. She gave her all to get better every time she came to therapy. She was a great patient and person. We became close during her rehab. I will miss her. I was happy to get a hug from her last week when she came to visit. Betty J Luntsford, PTA

“ Working with Sally I am witness to her love of educating and nurturing little ones. My twin sons were always referred to by her as “her boys”.

“ *Nana Sally... such a sweet, kind and caring soul. The love you showered your family with, was never unnoticed. You showed out at every event and I know how special those moments meant to everyone. You will be dearly missed but I just know Papa Don is right next to you!*
