“ I was truly saddened to hear of the loss of Sandra - Marsha and I wish the best to Dave, the rest of the family, and all of her closer friends there in the city. Dave has been a radio buddy for some time, and he always made clear that he cherished her company, and did the best that he could to make sure she got around and was taken care of. I met Sandra a few times, and she was kind and pleasant and made good conversation with me. I hope that we here can have that kind of love and companionship as we get older, it's something to aspire to. Please take care and our hopes and prayers will be forthcoming.

“ Ive known Mrs. Dawson for many many years, she was always a happy woman, the thing I remember most is her voice she would call the kids in the house by their first and middle names and they rhymed it's just something I will always remember.
