“ *I don't have enough space to share all my great memories with Sharifa. The one I will miss the most are her frequent calls JUDY cyclists just went by the house and I thought of you! Her persistence of letting all her buddies know how important stretching every morning and daily exercise are! She was a minimalist but that's because she focused only on the best , best family, best friends, best food, best fun! Sharifa and I worked together on 8n at Toledo Hospital for many years. A dedicated nurse who showed up whenever scheduled with nothing but giving the best care to her patients! Our sons were about same age so we shared many ups and downs of being a mother. Mark & Matthew are the love of her life. She was very proud of Anthony and Magic! I had the honor of visiting Magic & her family a couple of times, a cherished memory. We camped & canoed the Au Sable, many weekends at Lakeside, best of best was staying at Vista De Lago in Florida, up early, water exercises, bike rides, Disney, Celebration, Miami !! My dear friend you are missed! I hope our next time together will be even better!!💕💕💕*

“ Starting as a new employee to The Toledo Hospital, the first time I met Sharifa was on the work unit. She came up to me, stepped into my space, (as I kept stepping back), introduced herself and my first thought was, "Wow! This chick doesn't know personal space"(insert a laugh, here). After I got to know her and love her, she was a force to be reckoned with. She was an excellent caregiver, LPN and person. She told everything the way it was and this is/was her personality. I enjoyed her company many times outside of the workplace, as well. She will be missed. Yes, you are in Heaven. Red Hat's off to you! My deepest condolences to her family and loved ones.
