“ *Tim & family, please accept our condolences. Losing a sibling is such a sad event. We know it's hard, it's painful now but you will always have memories to reflect on. Memories are one place we can visit those we've lost. Since memories are portable, we can take our lost loved ones with us anywhere at any time.*

Karen and I want you to know that you and your family are in our thoughts and prayers.

“ my deepest sympathy to the family and friends of Tom. I worked with him in Toledo and Ann Arbor. when our office was getting ready to close he was already up in Ann Arbor and i was able to arrange with him through Lena Dilorenzo for my husband and i to come up there on a Saturday and tour the office so i could decide if i wanted to put in a transfer to work there instead of moving away from family. after our tour i put in my transfer and thankfully was accepted and i got my 30+ years in so i would have full benefits when i retired to cover myself and my husband who was on disability. i will always be grateful to him for that. my wish for his family and friends is PEACE to ease your pain, STRENGTH to get through the difficult days ahead, and Loving Memories created from your time spent with Tom held forever in your hearts until you meet again.
