“ Tracy was a wonderful nurse, so kind and compassionate. When my mom was in years ago Tracy was instrumental in getting her pain in control. She was such a sweetie and so good to the lab staff. God speed Tracy 🙏

“ My sincere sympathy on the loss of Tracy. I only knew her as a customer at the Kroger store but quickly learned what a marvelous employee she was. A great asset to the Kroger Company and a wonderful advocate for we customers who had problems with our orders. Bless you Tracy.

“ Rod and I have such great memories of Tracy, playing volleyball in the Carr backyard, many New Year's Eve celebrations and just hanging out with us, Bob, and Ricky. She was such a sweetheart whose life was cut way too short. She is certainly with the angels now. We love her and the whole Carr fam. She will be missed! Hugs and condolences!

“ I have been so devastated by hearing of Tracy's passing. I honestly have no words and my heart is so heavy. It is very hard to process this information and I feel so bad for anyone mourning her but especially for her family. Tracy and I spent every single day of nursing school together and we were so close during those times. We lost touch for a bit but reconnected a couple of years ago and I'm thankful for her friendship. She was the kindest friend with the greatest sense of humor and was just awesome to be around. She will be missed beyond words. I am sorry that I can't be there today and I want the family to know they are in my prayers.

“ Tracy was one of my favorite and dearest childhood neighborhood friends. I have always carried fond memories of all the fun we had on Barrows street. This news of her passing has been heavy in my heart. I didn't have the pleasure of seeing her more than a couple of times in our adulthood but when we did, it was so wonderful seeing her beautiful face and embracing the hug we would share. My love and prayers go out to all of her family and may you all find peace and comfort in the wonderful memories you were honored and able to share with Tracy.  
Love always, Darcy Stoner-Layne

“hey srace, this is the hardest thing I've ever had to write and I'm sobbing, missing my best friend. we said we were sisters, and friends from "cradle to grave" but you skipped a step - we were supposed to share a room in an old folks home and be obnoxious little old ladies together. you are the most amazing woman and I will love and miss you forever. we had just made plans - I don't know how to do this without you. ill do my best to be here for your boys and any of my adopted family, any time one of them needs something, because that's what you did - you helped everyone who needed help and tried to take care of all of us. I promise I'll try to live my best life like you'd want us all to do. I am so blessed to have been best friends with you for half a century. to paraphrase an Irish saying, if you are lucky enough to know tracy ann...you are lucky enough. I am so very lucky. my life wouldn't have been the same without you, and it will never be the same with you gone. every life you touched, for a minute with just a smile and kind word, or for 50 plus years of best friendship, you made each one better. thank you for everything. my heart hurts. rest peacefully, sweet angel. see you again. lyxo

“My deepest condolences to everyone. My heart aches at the loss of such a beautiful person inside and out. I have treasured memories from our youth of spending summers with Tracy, Bobby, and Tony. Tracy taught me how to sew and make pillows, and we painted ceramics, did each others' hair, and simply enjoyed our time together. She was an awesome cousin. My love and condolences to all of you!

“ Tracy we met at Miss cue where Gary and his family played pool. It was fun getting to know all of you. You and Gary were just perfect together. Then you started at Kroger and my daughter and son got to know you and just loved you. They were the ones to tell me of your passing. I was never more shocked. You were the kindest and sweetest person and loved to laugh. I will miss that most. Rest in peace Tracy. You will be forever missed. 💔 Ann

“ Sweetheart you are the Love of my life and will always be the one that touched my heart like no other.

*I will cherish the many trips we made to a water destination. The drives up the lake, our vacations to Mexico and the Virgin Islands, were you would transform into a mermaid. Lol...I could not get you out if the water, Even if I told you they were shark infested waters, you would then tell me, " I'm to sweet to eat".*

*I will miss our many nights of Farkle or two handed euchre marathons.*

*You have made my life better, me better and shown love to my girl's as your own.*

*Rest in peace my sweet love and know, I've got this!*
